

Matters about Home.

RAILROAD TIME CHANGED.—The morning train now leaves Hillsboro at 6:40 A. M., ten minutes later than before. Returning, leaves Cincinnati at 3:30 P. M., as before.

Thanksgiving Day Services.—Thanksgiving services, in accordance with the Proclamation of the Governor of the State of Ohio, will be held in Hillsboro, in the Presbyterian Church, next Thursday, Nov. 27th, at 10 o'clock A. M.

A sermon on the occasion will be delivered by Rev. T. COLLEY, of the M. E. Church.

A Union Prayer Meeting in behalf of the country, will also be held in the evening of the same day, at 6 o'clock, to which all are earnestly invited.

It is sincerely desired that there be a general suspension of business of all kinds throughout the town on that day.

From the 60th Ohio.

The 60th did not arrive last week, as expected, and has not arrived up to this writing, (Wednesday afternoon.) Col. Trimble arrived at home on Tuesday night, from Washington City. We are informed that he received a dispatch at Cincinnati or Columbus, from Chicago, stating that the regiment would be paid off on Tuesday or Wednesday, and would be at home to-morrow or Friday night, at farthest. There have been so many reports of their coming, that we do not know what to believe, but we hope this last report may be true.

In another column we copy an article from the Chicago Tribune, which pays a just tribute to the gallant men of the 60th, and censures the authorities for the bad treatment they have received.

HILLSBORO FEMALE COLLEGE.—**CHANGE OF SCHOOL HOURS.**—We are requested to state that the exercises at the College during the winter, will commence at 10 minutes before 9 A. M., closing at 12, when half an hour will be allowed for dinner. The exercises recommence at 12:30 and close at 2 o'clock P. M. This arrangement is intended to accommodate town pupils who live at a distance from the College and to avoid as much as possible exposing them to the inclement weather of the season. We have no doubt it will give satisfaction to all concerned.

RAIN AT LAST.—The long and severe drought that has prevailed in this section of the country for nearly three months, is at last broken up, much to the joy of farmers, and indeed all classes of people. On Sunday night last, rain commenced falling, which has continued almost without intermission up to the hour of our going to press, Wednesday afternoon. It has been a gentle, steady, moderate rain, just such as was needed to penetrate the ground, which had become as dry as dust. The wheat fields will be greatly benefited, and we trust there will be sufficient water to raise the rivers and bring down the price of coal.

THE 50TH OHIO.—The letter we publish this week, from the Chaplain of this regiment, will be read with interest by the numerous friends of Capt. Guthrie's company, in this county. The conduct of the company reflects credit on their State and country, as well as on themselves.

COL. TRIMBLE ACQUITTED.—The Court Martial called to investigate the surrender of Harper's Ferry, fully exonerated Gen. White and Col. Trimble and D'Utney, from all blame in connection with that affair. We felt confident that the trial would result favorably to Col. Trimble, and in common with his friends and those of his gallant regiment, we rejoice that no stigma can justly be attached to the conduct of either on that trying occasion.

ANOTHER PIONEER GONE!—We regret to hear of the death of Gen. JOHN W. POPE, one of the early settlers of this county, which occurred on Thursday last, at his residence in Penn Tp. He was one of the first merchants of Hillsboro, having kept a store in town as early as 1816. He afterwards retired to the country and engaged in agricultural pursuits, and was always noted for his skill, taste and enterprise in everything connected with rural affairs. He was an excellent citizen, kind hearted, intelligent, and esteemed by all who knew him. He died of typhoid fever, at the ripe age of 71 years. We have received an obituary notice from the pen of one who knew the deceased intimately, but its length compels us to defer it till next week.

THE REBEL OCCUPATION OF KENTUCKY.—We have received an interesting letter from Rev. J. McD. Matthews, of Nicholasville, Ky., formerly of this place, giving a brief history of events in Kentucky, during the recent occupation of that State by the rebel army. It will appear in our next issue.

Gov. Tappan's Thanksgiving Proclamation.—This will be found on our first page. Thursday next is the day fixed upon by the Governors of this State, New York, Indiana, and perhaps others.

Capt. Vance's Company, for the 8th Ohio Cavalry, is nearly full. He has 60 men in Camp Dennison, and about a dozen more will go down to-morrow.

(From the Chicago Tribune.)

The 60th Ohio Regiment.—The Sixtieth Ohio Regiment, which has been at Camp Douglas as paroled prisoners for some time past, was mustered out of the service a short time since. Their time would regularly have expired in February next. Connected with this mustering out are many circumstances of an aggravated character, which call loudly for removal.

The 60th Regiment was originally organized as a State regiment, and was sent over into Kentucky when the exigencies of that State required it. After doing their duty faithfully, they returned to Ohio, and almost without exception mustered into the United States service. They were at first ordered to Tennessee to report to Gen. Buell, but Gen. Fremont claimed them as being in his jurisdiction, and they went into the Mountain Department. They went through that campaign in the mountains, suffering untold hardships, living on a cracker a day, without proper clothing, and never uttered a word of complaint. After Fremont was superseded, the Sixtieth went through those terrible seven days' battles under Gen. Pope, and acquitted themselves splendidly.

After Gen. Pope was superseded, they were engaged at Harper's Ferry, and though surrendered through the treachery and imbecility of others, no stain rests upon their record. Everywhere they acted the part of gallant soldiers. They have suffered severely. Their ranks have been wasted by disease, and now, after having served their country faithfully, they are mustered out of service without a cent of pay and without transportation to their homes. We sincerely trust that Gen. Tyler and the authorities at Camp Douglas will use their influence in securing the speedy return of these men, who have done their duty thoroughly and faithfully. Common justice claims it as their due. They do not complain of being mustered out, for their term of enlistment has nearly expired, and there is but little prospect of exchange for them, but they complain with reason, that they have not been paid, and that they cannot obtain transportation.

HEALTH OF HON. THOMAS CORWIN.—We are rejoiced to learn by the Cincinnati Gazette that the report of the alarming illness of Hon. Thomas Corwin is incorrect. A member of Mr. Corwin's family states that letters received from himself and son by the last mails, make no mention of any severe illness. A letter from Gov. C. to his family was written in a steady hand. His son stated that the Governor had been slightly indisposed for a few days, but he did not intimate that he had been seriously unwell.

MEETING OF THE BOARD OF MEDICAL EXAMINERS.—The State Board of Medical Examiners will re-assemble at Columbus, on Wednesday, December 10th, when applications for positions as Surgeons and Assistant Surgeons must be made. Dr. Smith, the Surgeon General, makes the call, in which he says: "Applicants for admission to examination must be graduates of some regular medical school, and bring certificates of good moral character. To facilitate the examination, candidates will please forward to this office their diplomas and certificates prior to the day of meeting."

Rev. Geo. W. Harris, of Cincinnati M. E. Conference, died recently near Springfield, Ohio, after a long and painful illness.

The Contraband in Kentucky.

Information having been received by the War Department that certain military commanders in Kentucky have, in violation of the act of Congress, been returning fugitive slaves from within our lines, to rebel as well as loyal masters, the Secretary of War has ordered the report of the alleged transactions to be made to the War Department, in order that officers thus violating the laws of the United States may be duly punished.

Fraud in the N. Y. Custom House.

An extensive defalcation in the Custom House has been discovered. Sixteen clerks in the Liquidating Department have been suspended. The amount is variously stated at from \$150,000 to a quarter of a million dollars. It has been done by means of wrong entries and subsequently the books of record were destroyed to prevent the discovery.

Resistance to the Draft.

MILWAUKEE, November 15.—In justice to the loyal people of Wisconsin it is proper to state, that the recent draft troubles were principally confined to a class of Germans called Luxemburgers. Over one hundred have been arrested in Ozaukee County, and the draft is being enforced promptly.

Destitution of the Rebel Army.

NEW YORK, Nov. 11.—The Richmond papers of the 7th state that the rebel army is almost, and appeals to the people to supply them. They also state that a letter from a private source, which is reliable, says the enemy is reported at Mobile in Highland county. His force is said to consist of 1,500 cavalry.
